Perfumes.-In our last issue we omitted to make mention of the fact that Bills & Hill have on hand a large assortment of the finest perfumery ever offered for sale in Bolivar. The ladies should call and make selections.

SEND IN THE NAMES .- Captain A. T. Mc-Neal, Secretary of the Hardeman County Monumental Society, requests that the names of deceased soldiers from this county be sent to him. Send name of person, age, manner of death, regiment and company.

Choate & Co., No. 232 Front street, Memphis, deal in hardware, cutlery, stoves grates, tin, copper and sheet-iron ware of all kinds, and are known as reliable and prompt men in all of their business transactions. They give especial attention to all orders from the country. As they keep an immense stock of goods on hand they can and do offer great bargains to purchasers.

OUR STREETS .- From present indications adorned. it seems that the streets of Bolivar will be almost completely blocked up with wood, boxes, rubbish, etc., if something is not done. Several months ago a commendable effort was made by the town constable to have the streets cleared. Just now a repetition of official activity would do a "power of good." Municipal interference is needed. Who's seen the corporation laws?

Notice -The undersigned desire to give notice that they are now offering their entire stock of goods at cost, for cash. We have a great many desirable goods for fall and winter, and other goods suitable for all seasons. Our stock is broken to some extent, still persons can find nearly any thing they says: "thank God for that!" may want in our line. We can and will sell great bargains. The public are invited to call and examine.

Respectfully, HARRINGTON & Co. septl4 tf

THE MONUMENT.-We deem it not amiss to say a word or two concerning the monument that is to be erected at this place in

memory of the Confederate dead of Hardeman. A little over one year ago a society composed of a number of highly esteemed The hear for opening Sumin y School is ..... 8% o'clock a m paying this more than merited respect to the sleeping heroes of Hardeman. In order to more fully carry out the object of the society, Chills & Fever or Fever & Ague the offices of secretary and treasurer were filled by two of our most responsible and reliable citizens. From subscriptions and benefits the society has been enabled to collect a sum amounting to near two thousand dollars, which sum is in the hands of the proper officer of the society. Several designs for the monument have been presented and examined, but as yet, no design has been adopted, as the cost of the work ranged from \$3,500 upward. A marble shaft of sufficient dimensions could not be bought for less than \$3,500, and as times are hard and money scarce, with but little prospect for the society to increase its funds, we respectfully suggest that in lieu of marble, the society adopt blue limestone for the monument, which will be just as durable and equally if not more imposing, A monument built of limestone could be procured for a great deal less than one of marble; and, possibly, the funds that the society could command would cover its entire cost. If the memento is to be placed in the Court House yard (the proper place), it seems to us that next spring would be the proper H. B. TOMSON, No. 43 South Court street. time for its erection. We would like to see the monument occupying mid-way ground between the front gate and door that lead to the halls of justice, surrounded by a neat iron fence, and having engraved on its four sides the name of every one who enlisted from this county and fell in defense of what he felt to be his rights. None but such con-

that the monument will be placed where it ought, in the Court House yard.

We claim, and the results will show, and bear ample testimony to every appropriated mind, that the Texas Texas Syrup has supplied this want and accomplished this purpose. Its Tenin, Alterative and Antiseptic qualities are such that mean can possibly be disappointed in its affects. Upon its own merits therefore it is sustained. MEMPHIR, June 1, 1867.

This is to certify that I was afflicted with Feverand Ague of the most invoterate character for about two years. I tried many remedies, isoluding large quantities of Quinine, etc., without await. I was finally induced to try the TEXAS TONIO SYRUP. The result has been that after taking the first dose I had "no more chille," and am now rapidly recovering my health and strength. I have sent two dozen of this valuable medicine to my plantati a at Milliken's Bend. Every planter should keep it on hand.
